- DATE: February 22, 2024
- Subject: Fiscal Year Ending February 29, 2024 Budget Amendment Resolution #09-2024

In compliance with statutory budgeting and accounting requirements, Village Council must amend the 2023-2024 budget prior to February 29, 2024 such that actual expenditures do not exceed budgeted amounts. The 2023-2024 Year End Budget Amendments are attached. These amendments result from changes in revenues and expenditures throughout the budget year. Please note that this amendment is worst case scenario. There are numerous line items in which money was saved, but any line item that went over budget has to be amended before year end.

The projected Fund Balance for the General Fund and all other accounts are based on **budgeted** financial outcomes at year-end. Final numbers for the year ending February 29, 2024 will not be available until after the audit is completed in May. On February 28, 2023, the General Fund had \$568,504 in fund balance available. The projected Fund Balance for the end of this fiscal year is \$430,651. The attached budget amendment summarizes the change in fund balance. It also outlines the fund balances for Major, Local, Water, Sewer, and Equipment.

Subject: Public Hearing and Consideration of Adopting the FY 2024-25 Budget

The City Manager's Proposed FY 2024-25 Budget was presented to the Village Council on Tuesday, February 13, 2024. Subsequent changes were made after a study session was held on the same day. A public hearing was held on February 27, 2024. The annual budget provides the authority to appropriate the funds for the operations of the Village of Kingsley from March 1, 2024, through February 28, 2025.

You will notice a number of changes since the study session held on February 13th. They are summarized below. Further discussion will be necessary on the 27th due to a more accurate projection of the proposed 2024/25 budget.

GENERAL FUND

Revenues

- Tax Revenue increased per State of Michigan and new builds
- Sales Tax Revenue Sharing was confirmed to have decreased
- Wage Reimbursements increased due to salary increases
- Sewer CPO contribution was removed, Water contribution remains. I recommend we phase this out overtime due to ongoing projects

Expenditures

- Village Council
 - Professional Services went up per Village President request
 - Village Manager
 - o Retirement benefit has never been budgeted
- Audit
 - o Reduced audit price
- Village Clerk
 - Retirement benefit has never been budgeted
- Village Treasurer

- Retirement benefit has never been budgeted
- Buildings & Grounds
 - Slight increase for irrigation
- DPW
 - Retirement benefit has never been budgeted
- Street Lights
 - Decrease for street light repairs due to budget limitations
- Planning & Zoning
 - Addition of a zoning/planning administrator
- Miscellaneous Government
 - Reduced due to budget restrictions

**The General Fund is operating in a deficit in 2024-25 due to ongoing projects and one-time expenses. It is not operating in a deficit because of daily operating expenses.

WATER FUND

Revenues

- Bank account balances changed due to bills paid
- Annual water usage expected to rise due to new customers, thus higher revenue Expenditures
 - Water is projected to pay for more of BS&A than expected

SEWER FUND

Expenditures

- Removed Sewer Cleaner Repair due to RRI balance after Lift Station repairs
- Reduced equipment rental budget by \$5,000
- Reduced administrative budget by \$5,000

**The Sewer Fund is still operating in a \$26,100 operating expense deficit. We will pursue further rate discussions with Mike Engels this spring. Sewer will be unable to contribute to RRI or its Capital Improvement account this fiscal year.

MAJOR STREET FUND

Expenditures

- Sealcoating and Irrigation Repairs
- Increase BS&A cost share

LOCAL STREET FUND

Expenditures

- Added Sealcoating cost
- Reduced BS&A cost share

EQUIPMENT FUND

Expenditures

 Reduced Capital Improvement Transfer to keep excess revenues over expenditures

RECOMMENDATION
